Extra Interest paid on CPF balances

As part of the Government's efforts to boost the retirement savings for CPF members, CPF members will continue to earn extra interest on their CPF savings. For members aged below 55, they will earn extra 1% interest on the first \$60,000 of their combined balances (capped at \$20,000 for OA). For members aged 55 and above, the Government pays an extra 2% interest on the first \$30,000 of their combined balances (capped at \$20,000 for OA), and an extra 1% on the next \$30,000.

The extra interest earned on the OA balances will go into the member's Special Account or Retirement Account. If a member is aged above 55 and participates in CPF LIFE, the extra interest will still be earned on his or her combined CPF balances, which includes the savings used for CPF LIFE.
